Tumut Technology

GLOBAL DISTRIBUTOR OF ELECTRONIC COMPONENTS

EMPOWERING INNOVATION

Tumut Technology is an independent electronic components sourcing partner dedicated to bridging the gap between global manufacturers and the components they need.

Through our strong global sourcing network—particularly across Asia—we secure original, branded components faster and at more competitive prices than traditional supply channels. By offering flexible sourcing options and rapid market access, we help our customers avoid production delays, manage shortages, and maintain uninterrupted operations. Our approach is built on trust, transparency, and long-term collaboration, supported by secure sourcing processes, quality verification, and expert consultancy.

At Tumut Technology, speed, cost efficiency, and reliability drive every sourcing decision. We operate with a trust-based approach, combining transparent processes, secure transactions, and expert guidance to deliver measurable value to our customers' supply chains.

MAJOR SUPPLIERS

Access to the world's leading electronic component manufacturers.

Tumut Technology

GLOBAL DISTRIBUTOR OF ELECTRONIC COMPONENTS

INDUSTRIES SERVED

Industrial Electronics

Aerospace & Defense

Medical Devices

Automotive

Consumer Electronics

Telecommunications

Quality & Verification

- Independent testing available
- Visual & functional inspection
- Secure payment options
(Escrow available)

Logistics & Delivery

- Global shipping
- Express delivery options
- Flexible sourcing solutions

reliable, fast and value-oriented solutions
for your electronic component needs...
